**Sweetness:** Off-dry

**Apple Varieties:** Organic Washington dessert apples, featuring seasonal varieties such as Granny Smith, Pink Lady, Braeburn and Gala.

**Production Notes:** Small batch production year-round featuring cider fermented on the farm using 100% organic apple juice pressed from Washington apples. **Serving Suggestions:** Serve chilled in the glass of your choice.

**Pairings:** Enjoy in any latitude with good friends and serve with wordly foods like fish tacos, mole burritos, woodfired pizza or just a crackling bowl of chips & salsa.

**Cocktails & Other Creative Ideas:** Add a splash of Tequila to a glass of Habanero for more heat, or use as a base in a Bloody Mary. Bold chefs could use this cider to glaze a steak or sautee shrimp.
